

# Margaret Walter's 2nd Annual Paint OUT

**Remember, that a Paint Out is not a class, but rather a group of artists painting together, sharing an experience, but each one interpreting the place and experience individually.**

## PAINT OUT UPDATE

Schedule, locations, and group show for the week of June 16-20, 2014, as follows. All painting days remain from 10:00 am to 4:00 pm. We have found so many exciting places to go to, and such generous offers, that we will be painting, beginning on Monday, the 16th. Lunch will be served Monday, as a gift to the painters. Hints to help those unused to painting outdoors, and maps to those who need them, will follow soon. There will be a short meeting when we arrive Monday morning for unanswered questions, and clarifications for the coming week.

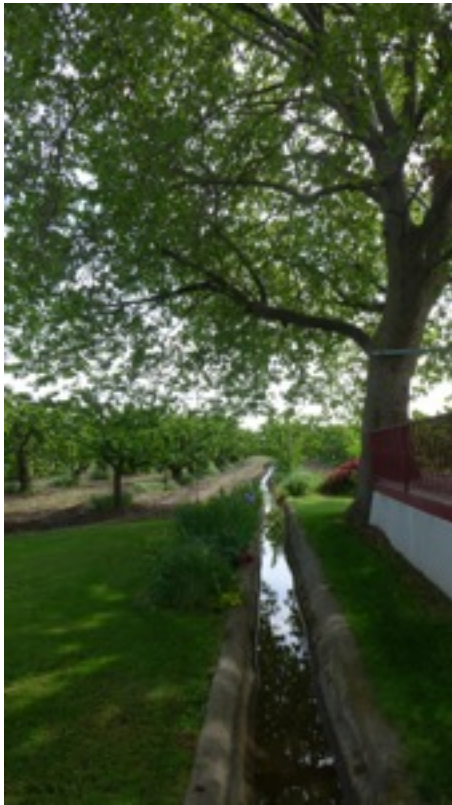

**Monday, June 16:** At the private home of Lynn and Rand Sealey, 2287 Kendall Rd, Walla Walla. The pond, visible from the Sealeys' front patio was once Walla Walla's swimming pool!

**Tuesday, June 17:** Robinson Ranch. Jane Robison will welcome us to fantastic views, multiple crops, historic farm equipment, chickens, geese--words fail.....

**Wednesday, June 18:** Northstar Winery, 1736 JB George Rd. In case its raining--and we hope that won't happen--there's still a great view of the vineyard and mountains from the winery's big picture windows. Its even better outside, and our hosts are very welcoming of artists.

**Thursday, June 19:** At the Shannons' Cherry Orchard, near Milton-Freewater. We've been invited by one of our participants. We're hoping the cherries will be ripe, so there will be red color added to green leaves. House and barn and an interesting irrigation system add variety here.

**Friday, June 20:** We've been invited back to a favorite place from last year's Paint Out, The Lavender Farm in Lowden. Merci, to Karen and JeanPaul Grimaud. Who needs to go to France, when France has come to us?

## FINALE

**Friday Evening, June 20: GROUP ART SHOW**

Culminating the Paint out with a showing of the week's work, at the Carnegie Picture Lab, at 515 E.Main St., Walla Walla

Thanks to the Picture Lab Board for hosting the show. Sales will benefit the non-profit project to bring art to the local elementary schools. The Carnegie Picture Lab Mission is to nourish creativity by supporting and enhancing art education for elementary school children in the Walla Walla Valley.
